# Behind-the-scene story of the development

## New Generational Innovation Enhancing our Heritage

We have revamped our product with a fresh design, closely analysing user experience to pinpoint numerous improvements.

Prioritizing ease of use, we introduced the unique locking system which enables the single-touch stopper for effortless operation.

Additionally, by incorporating angle screws in the pivot area, we have made blade replacement simpler and more cost-effective, allowing for prolonged use.

These enhancements aim to elevate the daily comfort of our users.

Model	Overall Length	Blade Length	Weight	Surface Finishing	Blade Material	Grip Material	Web page
CB-8Z	203 mm	51 mm	190g	Hard-Chrome Plated	High Carbon Steel	PA6 + GF55	
CB-9Z	227 mm	60 mm	210g
